“ It was a pleasure to have had the opportunity to know and work with Doug over the past years and I'm saddened by his passing. He was a great co-worker and professional with a wry sense of humor, who gave as good as he took. His presence, his smile will be greatly missed. My deepest sympathies to his family who took such great care of him through his health struggles, through which, he continued to work and bring his sense of humor to our office. He truly fought the good fight.

“ Laurie -

Just a note to let you know how much I liked Doug. He was a super special guy. We had a big time growing up together, playing football in high school and several years of softball, hunting, etc. It always amazed me how Doug started 1st string 5-A football at Pulling Guard on offense because of his size. You could sure never tell of his toughness by his demeanor - always such the gentleman. His parents were also always around when we were growing up and such pleasant people themselves. Doug helped me on several occasions in our business life as well. I could always count on Doug to give me a straight up Civil Engineering answer. I think I speak as a group to share with you our gratitude to Doug (& you) for bringing our '79 Senior Class team back into contact with each other. That has been a real treat for me and all of us. Doug "Double D" will be missed by all of us - Promise to keep you posted of our luncheons... (Working away again)

“ Thank you all from the bottom of our hearts. The end-of-life care he received was beyond phenomenal. Any of y'all who spent time with him fell in love with him because of his continuous courage, strength, and humor. He was so polite until the very end! Again, thank you for helping us as peacefully as possible to help my brother transition to the other side. You were all a blessing to us!

“ Where to start,? This man here was a hell of a guy, a great husband, caring dad, and just a all around good man. I can remember many nights of him getting out of bed to come get me and Britain, and would always have a smile on his face,(or atleast till I was dropped off) , mr Doug accepted me when not to many people did. Always treated me like another one of his kids. He will be always be remembered. Rip Mr Doug (dougie fresh) - family is everything and I'm glad I met this Family.
